Goshala Expansion:

The Organization is also running a very big Goshala which was handed over by the Nagar Nigam Bharatpur last on 5th May 2022 because they were not able to run it. This Goshala is just 2 Km away from the Ashram and at the time of hand over there were 900 cows and cattle in the Goshala and the death rate of cows was more than 20 per day. In spite their full efforts, Nagar Nigam was not able to control the mismanagement and death rate of cows in this Goshala. There was no proper infrastructure like cow shade, Generator, tractor, loader etc. in the Goshala and the cows were forced to remain in open area at the peak time of summer. Also, the arrangement of fodder and water for the cow was not sufficient and proper

After taking the charge of the Goshala, the infrastructure as per need of the cows was developed by the organization. The proper arrangements of fodder and water facilities was made so that the cow should not remain without fodder and water. Under the arrangements, 4 new shades for the cows having capacity for 250 cows each, one fodder depot, staff quarters, Go-Abhshek Ghat (Bathing arrangements for cows with fountains system) were established, Generators, 3 tractors, 2 trollies, 2 water tankers, one loader and other essential machinery and equipment were purchased to provide the better services to these cows and cattle.

As per effective monitoring and proper arrangements of chara-dana (fodder & grain etc.) now the death rate has decreased to 4 per day against the 20 per day initially. Also, now there are more than 1700 cows and cattle in this Goshala. These cows are generally wandering on roads in helpless sick wounded conditions and admitted to the Goshala from these places. So, many of them admitted in very critical condition and could not be recovered in spite of treatment and care.

EXPENSION OF APNA GHAR ASHRAM :-

This is a new approach particularly in mobilizing the network and alliance for helping helpless, homeless and sick persons having no resources. Surprisingly these groups are found everywhere but options for serving them are very limited. In crisis of resources, many helpless persons lost their lives due to lack of resources, help and care. It was not feasible to provide services to every inmate from Bharatpur 'Apna Ghar' Ashram. Therefore, to ensure services to every helpless, severe ill person, as per vision of the organization, the Expansion of the services was started by the Organization during 2011-12. Under Expansion Plan 48 'Apna Ghar' Ashram were running at the end of last financial year 2021-22, in 10 States of India, out of which 20 were in Rajasthan (Bharatpur, Ajmer, Kota, Alwar, Bikaner, Jodhpur, Shriganganagar, Pali, Nokha, Hindaun, Bassi (Jaipur), Jaipur, Alwar (Female), Jamdoli (Jaipur), Pushkar and Bari), 2 in Delhi (Puthkhurd and Budpur), 11 in U.P. MEDICAL FACILITY:-

To fulfill the medical requirements of patients of Apna Ghar Ashrams more than 50 part time Doctors, 92 trained nursing staff and health worker engaged in the services during the year. The patient also provide medical treatment in Government Hospital, Medical College and private hospitals as per requirements. In all ashrams there are 71 Ambulances and 2 Animal Ambulances, engaged in the services of helpless severe ill persons to providing immediate medical services and support.

MEDICAL HELPLINE AND MOBILITY:-

Often seen that orphan and helpless patients injured in road accidents are die due to lack of medical support and care. Since the accident occurs in unpredictably manner, no attendants are available to look after these patients/injured persons in hospital, immediately. To fulfil this gap and support interruption, medical helpline support was initiated by the Organization at Bharatpur and Kota. It provides attendants in hospitals until someone from inmates families are not reported or take this responsibility. Every month the organization benefiting more than 250 such type of patients through this helpline.

Apart from the expansion of the services, the Organization is focusing on monitoring and maintaining the quality of services being providing by the Organisation. The details of which are as under-

Sewa Updation Team:

During this year we have initiated a new concept for monitoring, implementation and maintaining the services of all the Ashrams by introducing a team of staff having experts of office, medical, direct services, cleaning & multi-purpose worker. This team is monitoring, implementing and updating the services of every Ashram as per norms of the Organization and submit its report to the head quarter for further follow-up.

Expansion of Samities And Helplines:

Organization has limited man power and resources to serve large number of helpless, homeless and resource fewer sick persons. Within these limited resources reaching to every patient is almost impossible for organization alone. For reaching at large number of such person, organization has promoted Apna Ghar seva samities (local units) and helpline at District and Tehsil level. 41 Apna Ghar seva samities and 58 help lines support the mission and objectives of organization in different part of state and the country at present.

Turning Towards Humanitarian Pilgrim:

The genesis of concept to serve helpless, orphan was inspired spirits and for fulfilling it very limited activities were initiated. This pretty small initiation of service through Apna Ghar magnificently is turning towards humanitarian hubs. Many of individuals after visiting Apna Ghar and staying couple of days here, inspires with its way of serving and humanity. Large number of people from villages and cities coming to visit Apna Ghar as pilgrimage.

Nation Wide Volunteerism:

In modern age where high majority of population is fascinating to materialistic attributes the increasing numbers of volunteerism for caring humanity and helpless is consisting a big turning of re-synthesis of humanism. And making this in reality Apna Ghar through action based strategy is fortunate enough as numbers of supporters and volunteers have joined. More than 1000000 persons have visited and involved themselves in serving the inmates as per their skills and talents directly or indirectly.

Uniqueness of the Organization:

1. The Organization is working for the last needy person i.e., homeless helpless orphans going towards lingering death.
2. Every such person admit in the Ashram whether the accommodation is available or not. Because the needy outside the Ashram has the first right on the resources of the Ashrams.
3. The services are being executed with direct involvement of the society. So many volunteers are getting involved in the services for these helpless destitute prabhuji in the Ashrams.
4. The services provided in the Ashrams are as per the need of the inmates living in the Ashram not as per the resources available.
5. No donation is collected from the society directly but a letter to God is placed at the board at every Ashram of the Organization and the demand written on the display board always fulfilled by God through various human beings comes at the Ashram.
6. The Organization has its own system to pick up the helpless orphan destitute person from the spot. Ambulances and rescue team at the Ashrams always ready to attend every call received through any means.
7. To reach every such needy, Samities and Helplines constituted by the Organization at local level are also available in many cities, so that service to that needy can be provided without any delay. These Samities and Helplines are working as referral centres for the needy persons found in their areas.

Organizational Achievements:

1. The main achievement of the Organization is that we are following our vision and mission with our ethics and determination.
2. There are 56 Ashrams having residential capacity for more than 12000 beds are being running and we are in a position to cover up almost major part of Northern India to provide services to these homeless helpless hopeless persons.

3. Apna Ghar Ashram Bharatpur is now become the largest institute of India of its kind, as per number of prabhujis, specifications and services.

4. We have rehabilitated more than 25000 such type of prabhujis in their families or other way after been cured, in 23 states of India. During admission prabhujis generally are not in a condition to inform about their addresses, even about their name and number of cases, the name has been given by the Organization. As per regular treatment and care maximum prabhujis are in the position to inform some details about their families. The family addresses informed by the prabhujis are then searched by the Rehabilitation Cell of the Organization through internet, police and other means. After searching and confirmation about the family, the information of their family member residing in the Ashram is given and through proper verification and legal formalities the prabhujis are handed over to their family. In many cases the family does not agree to take them back, such prabhujis get involved in different service activities like kitchen, sewing, office, medical, construction, gate keeper, Assistance in different sections etc. Some prabhujis are never able to inform about themselves, will be remained in the Ashram and get involved in the services.

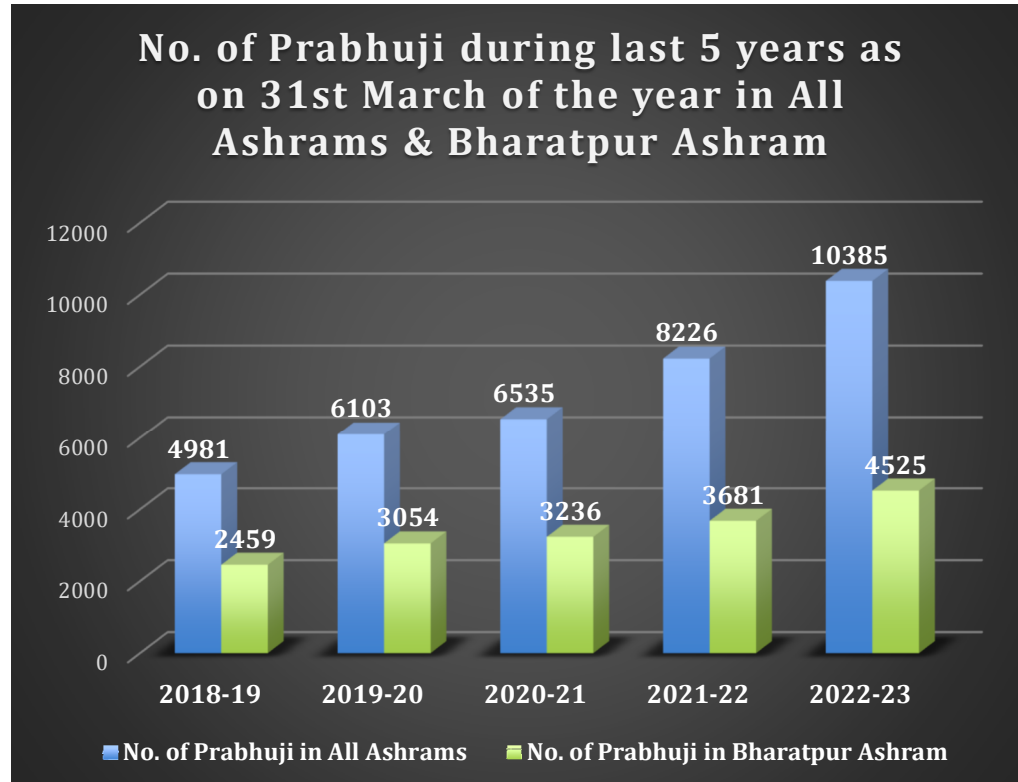

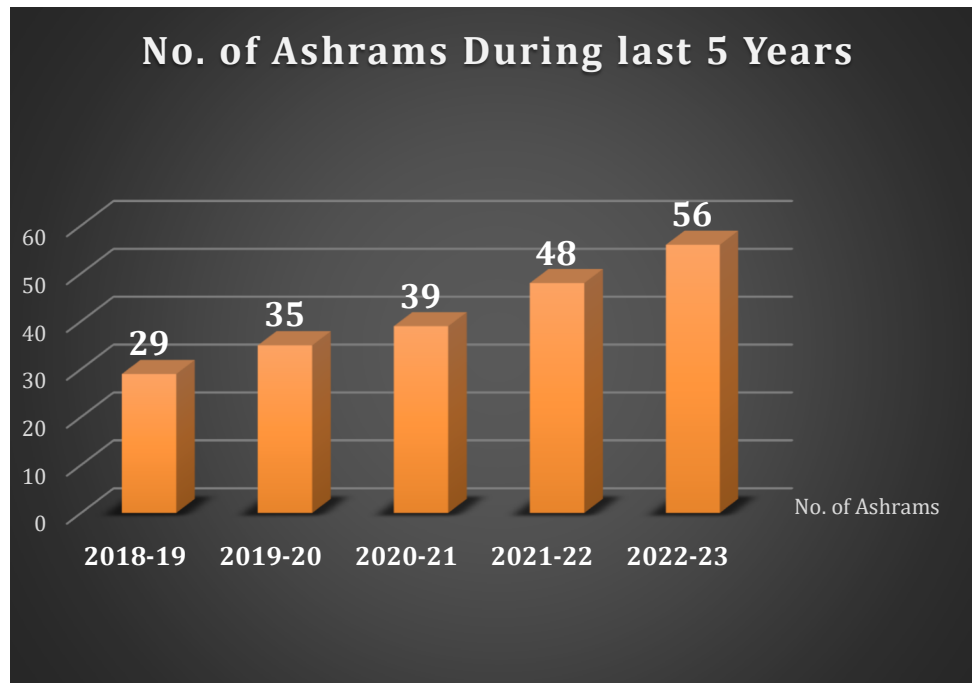

It is our fundamental duty to provide health, moral values, education and family as per possibility to the children of the Organization. So, the children are admitted in the best schools, so that they can get qualitative education and get employment easily when they become adults. The girls who are in marriage age, marriage for those girls arranged by the Organization in well settled families.

5. More than 10 lakh peoples (members, volunteers, donors, helpmates, silent supporters, followers on social media etc.) are attached with the services of the Organization directly or indirectly.

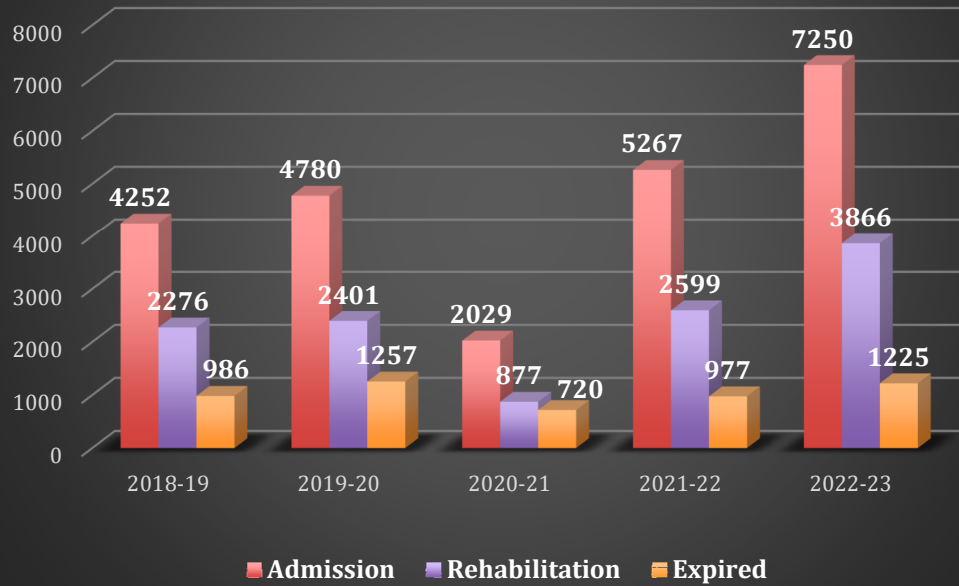

6. The Organization is continually maintaining the quality of services (as mentioned above) with the expansion of Ashrams and continually increasing the number of Prabhujis.

7. Through these services we have developed the faith of the people up to that level that lakhs of people come every year in the Ashrams acknowledging it as a worship place according to their own faith through so many buses and other vehicles with banner of "Pilgrimage of Apna Ghar".
