## **EXPANSION OF ASHRAM SAMITIES, APNAGHAR SEVA SAMITIES AND HELPLINES:-**

Organization has limited man power and resources to serve large number of helpless, homeless and resource less sick persons. Within this limited resources reaching to every patient is almost impossible for organization alone. For reaching at large number of such person, organization has promoted Apna Ghar seva samities (local units) and helpline at District and Tehsil level. 38 Apna Ghar seva samities and 58 help lines support the mission and objectives of organization in different part of state and the country at present.

## **TURNING TOWARDS HUMANITARIAN PILGRIM:-**

The genesis of concept to serve helpless, orphan was inspired spirits and for fulfilling it very limited activities were initiated. This pretty small initiation of service through Apna Ghar magnificently is turning towards humanitarian hubs. Many of individuals after visiting Apna Ghar and staying couple of days they inspiring with its way of serving and humanity. Large number of people from villages and cities coming to visit Apna Ghar as pilgrims. Now the people visiting here expressed as mental peace and stress therapy.

## **NATION WIDE VOLUNTEERISM:-**

In modern age where high majority of population is fascinating to materialistic attributes the increasing numbers of volunteerism for caring humanity and helpless is consisting a big turning of re-synthesis of humanism. And making this in reality Apna Ghar through action based strategy is fortunate enough as numbers of supporters and volunteers have joined. More than 200000 persons have visited and involved themselves in serving the inmates as per their skills and talents directly or indirectly.

### **Uniqueness of the Organization:-**

1. The Organisation is working for the last needy person i.e. homeless helpless orphans going towards lingering death.
2. Every such person admits in the Ashram whether the accommodation is available or not. Because the needy outside the Ashram has the first right on the resources of the Ashrams.

3. The services are being executed by directly involving the society. So many volunteers are getting involved in the services for these persons in the Ashrams.
4. The services provided in the Ashrams are as per the need of the inmates living in the Ashram not as per the resources available.
5. No donation is collected from the society directly but a letter to God is placed at the board of the Organisation in every Ashram and the demand written on the display board always fulfilled by God through various human beings comes at the Ashram.
6. The Organisation has its own system to pick up the helpless orphan destitute person from the spot. Ambulances and team at the Ashrams always ready to attend every call received through any means.
7. To reach every such needy, Samities and Helplines constituted by the Organisation at local level are also available in many cities, so that service to that needy can be provided without any delay. These Samities and Helplines are working as referral centres for the needy persons found in their areas.

### **Organisational Achievements:**

1. The main achievement of the organisation is that we are following our vision and mission with our ethics and determination.
2. There are 29 Ashrams having residential capacity for more than 5000 beds are being running and we are in a position to cover up almost major part of Northern India to provide services to these homeless helpless hopeless persons.
3. Apna Ghar Ashram Bharatpur is now become the largest institute of India in its kind, as per number of prabhujis, specifications of services.
4. We have rehabilitated more than 20000 such type of prabhujis in their families or other way after been cured, in 23 states of India. During admission prabhujis generally are not in a condition to inform about their addresses, even about their name and number of cases the name has been given by the organisation. As per regular treatment and care maximum prabhujis are in the position to inform some details about their families. The family addresses informed by the prabhujis are then searched by the Rehabilitation Cell of the Organisation through internet, police and other means. After searching and confirmation about the family, the information of their family member residing in the Ashram is given and through proper verification and legal formalities the prabhujis handed over to their family.
