EXPANSION OF INFRASTRUCTURE AND ACCOMODATION FACILITIES During 2020-21:-

With the passage of time, the number of Prabhuji (inmates) are increasing day by day in 'Apna Ghar' Ashrams running by the organization. Other developments:

Apna Ghar Prabhu Praklp Baratpur:

As per the ideology of the Organization every homeless helpless destitute prabhuji is necessarily given admission in the Ashram irrespective of his/her condition. The destitute are never denied due to lack of space or non-availability of resources in the Ashram.

Because of this, there are always remains more Prabhuji than capacity in Bharatpur Ashram and hence the expansion of the Ashram by constructing additional 8000 beds capacity homes along with all required necessities and arrangements just 200 meter away from the present Apna Ghar Ashram Bharatpur has been planned and proposed. After construction, Bharatpur Ashram will be the largest residential home of the world for the homeless helpless destitute prabbhuji of its category with total residential capacity for 11000 prahuji..

For this project 22.51 acre of land has been purchased by the organization during last year. This project will be constructed on 51 Acre of land. The provision of separate buildings, for 54 categories of prabhujji have been taken in this project. The first phase of this project was started as on 1st October 2020 and the works on Campus-2 having residential capacity 700 beds, Campus-3 having residential capacity 1003 beds and Centralized Kitchen are under progress. Boundary wall of the project, emergency office and Sewa Sangam Building have already been completed. The first phase will be completed in scheduled time limit i.e. 30th September 2022. The total project cost of first phase is Rs 29.15 Cr which will be arranged through public donations by the Organization.

Arrangements During Covid-19 Pandemic:-

During this period, world has faced a very challenging phase due to Corona pandemic. Apna Ghar Ashrams were also not remained untouched by the effect of this pandemic. As this pandemic started in India, all Ashrams were locked down and converted in to isolation centres before the declaration of Government lock down. Since our helpless sick prabhujji could not follow the covid guidelines and also their immunity power is not very strong so we had to take extra precautions and safety measures in this regards. Under these measures, during the month of April 2020 to July 2020, the admission of prabhujji from outside was completely prohibited and the rescue work again restarted from the month of August 2020 after taking all safety measures and constructing a separate Covid Shade having capacity of 195 beds. Due to these restrictions and the epidemic the flow of donations reduced up to 50 percent, due to this the Organization have to take some emergency measures to meet out this

fund crisis in which all the development works were stopped by the Organization with immediate effect.

On 23rd March 2020, lockdown was implemented in all over the country. All outside activities were also stopped due to this in Apna Ghar Ashrams. There were more than 6500 prabhujis in all our Ashrams and flow of fund immediately almost stopped during that period. In this critical phase some of our members and well-wishers supported the organization so that this effect of fund crisis could not affect the daily needs and services of the prabhujis.

We had deputed 24 hour service staff because we could not allow the staff to up down from their homes due to safety measures. So we had to work with only 50 % of staff during this period.

For the safety of prabhujis, 11 isolation centres were developed at Bharatpur Ashram, where all guidelines related to Corona were followed at extreme level. During this period 984 prabhujis were rescued from different places of India. From these rescued prabhujis more than 90 were found Corona positive and were denied by the government hospital for admission due to their worst condition and helplessness towards following of covid guidelines. So the care and treatment for corona positive prabhujis had been provided by the organisation with full safety measures. The effect of these safety measures was that only one prabhujis, about 85 years old lost his life due to corona virus infection. All other Corona positive prabhujis were saved by the proper treatment, services and safety measures applied by the Organization.

Under the internal arrangements, more than 400 prabhujis were transferred to other Ashrams so that the space could be made available to the rescued prabhujis. To provide quarantine centre for the rescued prabhujis, a Covid Shade having capacity 195 beds was

constructed out of which the first shade having capacity of 65 beds constructed within a record period of just 58 days. In this shade, medical arrangement required for covid, other facilities like bedding, pantry, toiletry etc. have also been developed.

The COVID pandemic has become a disastrous period for the homeless helpless sick persons who are laying on roadsides, religious and other public places because no one came forward even for care and treatment to these persons in this pandemic. Some government officials and NGO representatives were admitting these persons in government hospitals or government quarantine centers to control the spreading of the COVID infection in their area but after recovery of there was no policy to provide shelter, care and support to the persons having age 18 and above. So the main problem with the government was, where these persons should be shifted after recovery.

So the Organization had given an option to the Rajasthan government to shift all such persons at Apna Ghar Ashram Bharatpur for care, support, treatment and other necessities of life. The government of Utter Pradesh sent a letter to the Organsiation that there are so many government organizations in Utter Pradesh where mentally retarded male and female above 18 years of age are residing who were found on roadsides during covid period but they have no treatment and residential facilities for them and requested for the admission of 292 inmates of different government homes in Apna Ghar Ashram Bharatpur. Also there are some Ngo rescuing the prabhuji during the COVID pandemic but they had also no quarantine center/facility to shift them. All these governments and ngos were allowed to admit the prabhuji they rescued and the details of prabhuji admitted by these agencies are as under-

1. Government of Utter Pradesh- 127
2. Government of Rajasthan- 85
3. Anbu Jyoti Ashram Valluram Tamilnadu- 33
4. Manav Sewa Tirth Jalgoan Maharastra- 13

EXPENSION OF APNA GHAR ASHRAM :-

This is a new approach particularly in mobilizing the network and alliance for helping helpless, homeless and sick persons having no resources. Surprisingly these groups are found everywhere but options for serving them are very limited. In crisis of resources, many helpless persons lost their lives due to lack of resources, help and care. It was not feasible to provide services to every inmate from Bharatpur 'Apna Ghar' Ashram. Therefore to ensure services to every helpless, severe ill person, as per vision of the organization, the Expansion of the services was started by the Organization during 2011-12. EXPANSION OF ASHRAM SAMITIES, APNAGHAR SEVA SAMITIES AND HELPLINES:-

Organization has limited man power and resources to serve large number of helpless, homeless and resource less sick persons. Within this limited resources reaching to every patient is almost impossible for organization alone. For reaching at large number of such person, organization has promoted Apna Ghar seva samities (local units) and helpline at District and Tehsil level. 41 Apna Ghar seva samities and 58 help lines support the mission and objectives of organization in different part of state and the country at present.

Support from Azim Prem Ji Philanthropic Initiatives:

During last year, Azim Prem Ji Philanthropic Initiative joined the services of the organization by supporting the running expenses of six Ashrams- Bharatpur, Alwar, Kokilavan, Hindaun, Bassi and Hathras for 3 years (1st of October 2019 to 30th September 2022). Total project sanction by the APPI is for Rs 12.54 Cr. This support was continued to this year also due to this we were able to face the critical phase of Covid-19.

TURNING TOWARDS HUMANITARIAN PILGRIM:-

The genesis of concept to serve helpless, orphan was inspired spirits and for fulfilling it very limited activities were initiated. This pretty small initiation of service through Apna Ghar magnificently is turning towards humanitarian hubs. Many of individuals after visiting Apna Ghar and staying couple of days here, inspires with its way of serving and humanity. Large number of people from villages and cities coming to visit Apna Ghar as pilgrimage.

NATION WIDE VOLUNTEERISM:-

In modern age where high majority of population is fascinating to materialistic attributes the increasing numbers of volunteerism for caring humanity and helpless is consisting a big turning of re-synthesis of humanism. And making this in reality Apna Ghar through action based strategy is fortunate enough as numbers of supporters and volunteers have joined. More than 300000 persons have visited and involved themselves in serving the inmates as per their skills and talents directly or indirectly.

Uniqueness of the Organization:-

1. The Organization is working for the last needy person i.e. homeless helpless orphans going towards lingering death.
2. Every such person admits in the Ashram whether the accommodation is available or not. Because the needy outside the Ashram has the first right on the resources of the Ashrams.
3. The services are being executed by directly involving the society. So many volunteers are getting involved in the services for these persons in the Ashrams.
4. The services provided in the Ashrams are as per the need of the inmates living in the Ashram not as per the resources available.
5. No donation is collected from the society directly but a letter to God is placed at the board of the Organization in every Ashram and the demand written on the display board always fulfilled by God through various human beings comes at the Ashram.
6. The Organization has its own system to pick up the helpless orphan destitute person from the spot. Ambulances and team at the Ashrams always ready to attend every call received through any means.
7. To reach every such needy, Samities and Helplines constituted by the Organization at local level are also available in many cities, so that service to that needy can be provided without any delay. These Samities and Helplines are working as referral centres for the needy persons found in their areas.

Organizational Achievements:

1. The main achievement of the Organization is that we are following our vision and mission with our ethics and determination.
2. There are 39 Ashrams having residential capacity for more than 6500 beds are being running and we are in a position to cover up almost major part of Northern India to provide services to these homeless helpless hopeless persons.
3. Apna Ghar Ashram Bharatpur is now become the largest institute of India in its kind, as per number of prabhujis, specifications of services.
4. We have rehabilitated more than 22000 such type of prabhujis in their familis or other way after been cured, in 23 states of India. During admission prabhujis generally are not in a condition to inform about their addresses, even about their name and number of cases the name has been given by the Organization. As per regular treatment and care maximum prabhujis are in the position to inform some details about their families. The family addresses informed by the prabhujis are then searched by the Rehabilitation Cell of the Organization through internet, police and other means. After searching and confirmation about the family, the information of their family member residing in the Ashram is given and through proper verification and legal formalities the prabhujis handed over to their family. In many cases the family not agreed to take them back, such prabhujis get involved in different service activities like kitchen, sewing, office, medical, construction, gate keeper, Assistance in different sections etc. Some prabhujis are never able to inform about themselves, will be remained in the Ashram and get

involved in the services.

It is our fundamental duty to provide health, moral values, education and family as per possibility to the children of the Organization. So the children are admitted in the best schools, so that they can get qualitative education and get employment easily when they be adult. The girls who are in marriage age, marriage for those girls arranged by the Organization in well settled families.

5. More than 10 lakh peoples (members, volunteers, donors, helpmates, silent supporters, followers on social media etc.) are attached with the services of the Organization directly or indirectly.

6. The Organization is continually maintaining the quality of services (as mentioned above) with the expansion of Ashrams and continually increasing the number of Prabhuji.

7. Through these services we have developed the faith of the people up to that level that lakhs of people comes every year in the Ashrams acknowledging it as a worship place according to their own faith by so many buses and other vehicles with banner of “Pilgrimage of Apna Ghar”.
